### Additional Instructions for mailing your parcel

- Securely package the item to avoid damage during return - if possible, please use the original packaging.
- Affix the personalised return mailing label securely to the package, covering up any previous delivery address and barcode without overlapping any adjacent side.
- If you are unsure about which carrier to use, you can find detailed instructions for DHL and further information on our help page [Self-Paid Returns](#).
- Send the parcel from your nearest post office or via the delivery method of your choice. If the value of the items you're returning is more than EUR 40.00, it's recommended that you use a trackable return method.
- Please be aware to only add the items into the parcel that are listed below. This will help avoid potential delays during the return process. Items that are not listed on the label can be returned via the online return center.
